J. RUSSELL SPALDING'S

ROSEMARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates, the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAX, Esq., of Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass:—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

Religious Revivals.

We publish in our columns to-day, a letter from our New Bedford correspondent in relation to the subject at the head of this article; in the course of which the writer takes occasion to comment with great and perhaps just severity upon the gross inconsistencies of profession and practice, manifested in certain individuals, who take a leading part in the religious exercises of the day. We are inclined to the belief that he is in the main correct, and that there is too much truth in his strictures. All we have to be careful about in such cases is, not that we see through a glass darkly, but that our vision which is so keen as to see the motes in other people's eyes, may not, strange as it would seem, be almost wholly obscured by the beams in our own. We do not apply this word of caution to our correspondent more than to ourselves and others—all of whom no doubt, would be benefitted, rather than injured, by a liberal exercise of charity, the greatest—according to the Apostle's view of the matter of all the christian graces. But as to the revivals of religion, prevailing not only in New Bedford, and in almost every part of the country at the present time, they must afford to every good citizen and upright man the greatest consolation, not merely that it is any matter of gratulation, to observe this, that, or the other sect of professing Christians gathers around its communion table, but because it furnishes us with satisfactory proof of an existing disposition in the minds of the people, to become better members of society, more useful citizens of the body politic, in a word a dispo ition "to do unto others that which they would have others do to them," and therefore become acceptable and approved worshippers of the Being who created them.

To our minds there is nothing strange or marvelous in the existence of these wide-spread revivals of religion. They are nothing more than the natural and necessary effects from previous causes, or in other words a natural and necessary re-action in the minds of men previously swayed to an inordinate degree in the opposite direction. No one, at all conversant with the state of society as it now exists in our country and indeed throughout Christendom, to say nothing of other parts of the inhabited globe can shut his eyes, to the facts that if civil society continues to exist among men, something must be done to improve their moral sense, to reform their habits, and change their ideas in regard to the objects, duties, and responsibilities of life. If these revivals can accomplish these purposes, they cannot be too much encouraged, or cherished. If on the other hand they are ephemeral in their character, answering only as scenes of recreation and refreshment to the jaded and worldly spirits of men, seeking consolation for consciences wounded by the commission of all the crimes known to the decalogue, and lose all their beneficial effects as soon as the excitement is over, then are they not only a woeful waste of time, but add fuel to the fire which is already too fast consuming us.

What, we would ask, is the story of life which our ears listen to, and our eyes see enacted in the daily scenes of life by which we are surrounded? And from these scenes we do not feel called upon to make any exceptions. In all classes from the highest to the lowest, in every sect of professing Christians, equally with those who are not professors, from the highest official, to the merest vagabond who exhibits the form of humanity and has his Creator's image stamped upon his countenance, do not the worshippers of mammon seem as legion in comparison with the few who worship, in spirit and in truth, the God who [illegible] Do they not with [illegible] more frequently [illegible] their prayer to the God of this world, than to the God of Heaven? If this be true, need we wonder at the prevalence of crime and vice in all the walks of life. That successful fraud with brazen front and supercilious mein stalks boldly & unblushingly among us—nay worse, calls upon men to place it in its seats of honor, and worst of all point to it as an example for imitation and an object of reverence. Need we wonder, that murder, robbery and theft are of daily occurrence and daily becoming more frequent, so frequent indeed, as to be found in almost every column of our newspaper, and so outrageous in the features which characterise them, as to make it still a problem yet to be solved, whether the boasted advantages of civilization and the social compact, have not made men worse instead of better and the earth on which they dwell more like Hell than Heaven.

If Religious revivals can arrest mankind in their downward career, if they can make men more honest, more benevolent, more disinterested, more mindful of their spiritual welfare, than of the gross and grovelling objects of sense and physical enjoyments, more truly religious and less basely hypocritical, then will they accomplish objects of the highest necess'ty to the well being of the human family, and for the attainment of such objects, we would say, may God speed them.

Republican Convention.

A Convention of Republican delegates for the election of a Republican Central Committee, assembled in the State House, Providence at 2 o'clock P. M., on Wednesday the 17th inst. George L. Clarke, of Providence, was appointed Chairman, *pro tem.* and Geo. T. Hammond, of Newport, Secretary. The credentials of delegates were then handed in and read by the Secretary as follows:—

Newport.—R. R. Hazard, Jr., Francis B. Peckham, Robert R. Carr, S. T. Hopkins, George T. Hammond, Henry N Ward.

Providence—Joseph Veazie, George L. Clarke, Lycurgus Sayles, John A. S. Hannity, James Wood, William Sheldon.

North Providence—Thomas Davis, Joseph B. Stone, Stephen Randall, William M. Chace, George L. Littlefield.

Cumberland—Edward Harris, Peter Simson, Henry P. Parks, James L. Hox, Elias M. Jenckes.

North Kingstown—Asa P. Waite.

Smithfield—Stephen Benedict, William Newell, Bradford Bullock, Robert Cushman, Alfred H. Littlefield.

Westerly—George D. Cross, Charles Perry.

Warren—Charles Randall, Ezra M. Martin.

Middletown—Jethro Peckham.

Portsmouth—John Tallman, Alfred Sisson.

Warwick—Nicholas Brown, C. D. Kenyon.

that a committee of five on permanent organization be raised, to be appointed by the Chair, and the following were announced as the

COMMITTEE ON PERMANENT ORGANIZATION.

Messrs. Edward Harris, of Woonsocket; R. R. Hazard, Jr., of Newport; Chas. Randall, of Warren; Stephen A. Benedict, of Smithfield, and Hon. Nicholas Brown, of Warwick.

The Committee retired and immediately reported for permanent officers:

Chairman—Hon. Thomas Davis.

Secretary—Geo. T. Hammond.

The Convention accepted the nominations unanimously

Mr. Davis, on taking the Chair, said he was pleased and honored to preside over a Republican Convention, a name as yet untainted connected nor identified with no mean or paltry purposes. He trusted that it was the design of those composing this Convention to keep the party in a position to accomplish great national objects. True, it is subject to the weaknesses of other political organizations, but it has many circumstances to sustain it, which other parties have not. We come up here, not for the purpose of sustaining State issues, not to accept or reject the present State Ticket, but to preserve, distinct a true Republican organization in Rhode Island, and keep it in line with the great reformatory policy of the nation. He then referred to the action of the Republican party of last year. He did not wish to impeach the motives of members of that party, but thought they acted rather unwisely. To remedy that action we must sustain the Republican organization pure.—Though a minority we can be true to our principles. Our aim is to keep the original platform broad, so that it may be accessible to every man who is willing to stand upon it. We ask for co-operation.

On motion of Mr. George L. Clarke, the call for the Convention was read.

He also moved that a Committee of five be raised to nominate a State Central Committee for the year ensuing. This motion prevailed, and Messrs. George L. Clarke, F. B. Peckham, Robert R. Carr, J. A. S. Hannity, and Peter Simpson, were appointed.

It was moved and carried that the State Committee consist of five from the county of Providence, five from Newport county, and [illegible] of the other counties.

The Committee retired.

Mr. Wm. M. [illegible] of North Providence, presented and read a series of resolutions, and in their support offered some extended remarks. The resolutions were referred to the following Committee of five:

Messrs. Wm. M. Chase, Geo. D. Cross, R. R. Hazard, Jr., Ezra M. Martin, and William Newell.

The Committee retired.

The Committee who were appointed to nominate a State Central Committee, reported the following:

STATE CENTRAL COMMITTEE.

Newport County.—Robert R. Carr, R. R. Hazard, Jr., Jethro Peckam, S. T. Hopkins, N. M. Buffington.

Providence County.—Edward Harris, Thos. Davis, Wm. M. Chace, and Stephen Randall.

Bristol County.—Byron Diman, H. H. Luther.

Washington County.—R. G. Hazard, Horace Babcock, Asa B. Waite, Sylvester Robinson.

Kent County.—Nicholas Brown, Charles G. Kenyon.

The nominations were unanimously accepted.

Mr. Lycurgus Sayles moved that a Committee of nine be raised to nominate a distinct and separate State Ticket of officers for the year ensuing. This motion was discussed for some time and was finally adopted after being amended. The following was the

COMMITTEE TO NOMINATE STATE OFFICERS.

Messrs. Lycurgus Sayles, Wm. Sheldon, S. A. Benedict, Wm. M. Chace, R. R. Hazard, Jr., F. B. Peckham, George D. Crosse Nicholas Brown, and Asa B. Waite.

The Committee retired.

The Committee on resolutions reported the following series, which are the same as those read by Mr. Chace, except the final one, which was discussed and finally adopted.

RESOLUTIONS.

1. *Resolved*, That this Convention approve of the principles and policy embodied in the resolves of the Philadelphia Convention of June 17th, 1856, and re-affirmed in the declaration of the Republican Congressional Caucus of Dec. 17th, 1857.

2. *Resolved*, That what is called the Lecompton Constitution is the offspring of fraud and usurpation; that the Convention that framed it, called by a spurious Legislature and elected by a minority of the people of Kansas, acted in known opposition to the will of a majority; that its refusal to submit its work to the popular vote, evinced its purpose to perpetuate the usurpation to which it owed its existence, and the great object of which was the establishment of slavery in Territories once consecrated to freedom.

3. *Resolved*, That the President, in sustaining that Convention, in sanctioning that Constitution, in insisting upon the admission of Kansas as a slave State under it, has betrayed his agents, who, under his instructions, assured the people of Kansas that they should have an opportunity to vote upon the Constitution; has broken his professions and pledges; has trampled under foot the doctrine of popular sovereignty; made himself an accomplice in the crime of attempting to subject a majority to the rule of a minority, and to force slavery upon a people who detest it; and deserves, as he will receive, the severest reprobation of all who appreciate the obligations of truth, good faith, and Democratic principles.

4. *Resolved*, That, apart from all other considerations, the fact, officially known, that more than ten thousand votes of the people of while only six thousand two hundred and eighty (more than half of whom have since been demonstrated to be spurious) are claimed to have been cast for it, ought to be a conclusive reason with every fair-minded man of whatever party, for rejecting it.

5. *Resolved*, That the administration, while hostile to Congressional intervention in Territories in behalf of liberty, has steadily practiced the grossest executive interference in favor of slavery, and, while professing to uphold the doctrine, that the people have a right to govern themselves, has uniformly supported, by Federal patronage and bayonets, the usurpation of a minority established in fraud of their rights.

6. *Resolved*, Therefore, that whether the policy of the ordinance of 1787, or the policy of leaving a community free to form its own institutions, be the rule adopted in the government of Territories, the paramount duty of all who desire the establishment of justice and free institutions therein, is to rescue the Federal executive from the control of the sectional interest of slavery, and place its influence on the side of constitutional liberty.

And, for this reason, *Resolved*, That we invite the co-operation of all friends of freedom and the right of self government, of whatever political party, in an united effort for the overthrow of an administration, and a party subjected to the rule, and pledged to the selfish policy of the slave-holding oligarcy.

8 *Resolved*, That the State Committee be authorized to issue the next call for a State Convention in conformity herewith.

9 *Resolved*, That this Convention condemn the action of the State Central Committee in calling an "*American* Republican Convention," and believes they clearly betrayed the trust reposed in them by so doing.

Mr. Sayles, from the committee to make a ticket of general officers, reported the following:

For Governor—ELISHA DYER of Providence.

For Lieutenant Governor—THOMAS G. TURNER of Warren.

For Secretary of State—JOHN R. BARTLETT of Providence.

For Attorney General—CHRISTOPHER ROBINSON of Cumberland.

For General Treasurer—ROBERT R. CARR of Newport.

The report was accepted, and the gentlemen named unanimously nominated; and, on motion of Mr. Hannity, of Providence, the State Committee was authorised to fill any vacancy which may occur in the ticket.

Messrs. R. R. Hazard, Jr., Lycurgus Sayles, and George L. Clarke, were appointed a committee to advise the gentlemen nominated of the action of the Convention.

Mr. Horace Babcock, of Westerly, was placed upon the State Central Committee in lieu of Geo. D. Cross, from the same town.

The thanks of the Convention were then unanimously voted to the Hon. Thomas Davis and George T. Hammond, Esq. for [illegible]

There being no further business before the Convention, the President, after making one of his own eloquent and stirring speeches upon the great political topic of the time, declared it to stand adjourned without day.

Correspondence of the Daily News.

NEW BEDFORD, March 16th, 1858.

MR. EDITOR:—

The great awakening appears to be the leading topic of conversation in all circles in this city, and, so far as I can judge, is each week gaining on in interest. It is talked of in the Reading Rooms, Counting rooms work shops, stores, and, in fact, wherever men mingle together. This revival does not seem to be marked by any of that reckless and excessive display of emotion that has been observable in former years. Everything about the meetings is quiet and still, and the people do not abandon themselves to those extravagancies which so often bring contempt on piety, and by which devotion loses all its dignity. Fanaticism, partial insanity, sudden impressions, and ungovernable transports, are anything rather than religion. Much of what passes for zeal, should be looked upon but with little respect, for it often appears to thrive most luxuriantly where other virtues shoot up thinly and feebly. Disordered nerves may bring strange sights and sounds and impressions. Texts of scripture may come to enthusiasts as from Heaven. Their whole souls may be absorbed and their confidence in Gods favor undoubting. But in all this there is no religion. We should pay a little respect to the piety of those men which has not had the effect to sweeten their tempers and make them better men and better citizens. The world form their opinion of religion from the conduct of those who profess it, much more than from what is said in the pulpit and in the prayer meeting, or in the Bible. Example speaks louder than words. If professing Christians show no interest in religion beyond a mere profession of it, the inference is a natural one, that it is of no importance. If men, six days in the week are contradicting what they say on the seventh, what can we think of them. We have enough of the latter—we need more of the spirit of Christianity. There are enough who are willing to fight, and die even, for religion. But how few there are willing to *live* for it,—to carry it out in the every day concerns of life. We have faith and hope, but we need more of the divine charity of Christ. Our lives should be gospels, "epistles" of truth and goodness.

The writer during the revivals has attended a goodly number of meetings among the several denominations, and has seen and heard things which has equally astonished and delighted. He has heard men and women pray and exhort who show their delight in Gods benevolence by loving and serving their neighbors; their delight in Gods justice, by being resolutely upright; their sense of Gods purity by regulating their thoughts, imaginations, and desires; and whose conversation, business, and domestic life are swayed by a regard to God's presence and authority. [illegible] heard, multitudes of others proclaim the great salvation with loud voices and uplifted hands who give no more evidence that they are born of God and bound for Heaven, than their ungodly neighbors, over whose sins they pretend to mourn with such tearful sincerity.

Now there is Deacon So and So, and Mr. So and So, how perfectly absorbed, their pious souls appear to be in heavenly things. But don't I and every one else know that their selfish souls could find plenty of room on the point of cambric needle? Don't we know that they are hypocritical, aristocratic, miserly, domineering, whining old fogies who perhaps laid the foundations of their fortunes in selling rum? Don't we know that these long prayers cover rascally bargains, if the details of which were known they would be sent to the penitentiary to hammer stone with highway robbers. Don't we know how they have cheated the orphan and the widow and now hold in their grasping fingers riches, that should brand them as thieves? But enough.

Yours, &c., ICHABOD.

C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling off; but on the third application of the Balm it ceased falling, and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

Finally I concluded I would try your Alpine Hair Balm; I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and glossy.

A BEAUTIFUL HEAD

OF

RICH GLOSSY HAIR

COMPLETELY PRESERVED TO THE GREATEST AGE

And who that is grey would not have it restored to former color? or bald, but would have the growth restored, or troubled with dandruff and itching but would have it removed, or troubled with scrofula, scald head, or other eruptions, but what would be cured, or with sick head ache, (neuralgia) but would be cured? It will also remove all pimples from the face and skin. Prof. Wood's Hair Restorative will do all this. See circular and the following.

ANN HARBOR, November 5, 1856.

PROF. O. J. WOOD—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy, upon, and entirely over the head; she continues to use it, not simply because of its beatifying effects upon the hair, but because of its healthful influence upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidentially recommend its use by all who would have their hair restored from white or grey (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,
SOLOMON MANN.

FRIEND WOOD:—It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly yours,
SOLOMON MANN.

CARLYLE, ILL., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and, I have no doubt, permanently so.

Maryland State Lotteries.

F. FRANCE & CO., MANAGERS.

CAUTION NOTICE.

PERSONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from $20,000 to $40,000 head their schemes—with tickets at One Dollar. $100,000 Capital Prizes are offered, tickets $5. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Lottery in the United States which is legally decided by the Maryland Drawings; all other Lotteries which purport to be decided by the Maryland Drawings are frauds.

THE MARYLAND STATE LOTTERIES.

Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering in the Maryland Lotteries you are sure of fair and honest drawings.

One thing look to, and that is, if you order from any licensed vender in Baltimore, do not receive any but Managers' Tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the numbers printed, and have the lithographed signature of R. France & Co.

No one has a right to send his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.

HOWARD ASSOCIATION

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the Vice of Onanism, or Self-Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give Medical Advice Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to Furnish Medicines Free of Charge. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

THE LIVER

INVIGORATOR.

PREPARED BY DR. SANFORD.

Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR

The Liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, WHAT IS better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR

IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a Diseased Liver.

Price one dollar per bottle.

f17 HAZARD & CASWELL.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headache, Sideache, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these PILLS rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the Interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 152 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patent granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS

During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents

From the present Commissioner.

AUGUST 17th, 1855.—During the time I have held the office of Commisoner of Patents, R. H. EDDy, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had offical intercourse CHAS. MASON.

GEORGIA LOTTERIES.

THE Lotteries of ANDERSON & SON, are chartered by the State of Georgia, and have sworn commissioners appointed by the State, to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawings. Another fact which the managers call attention to is, that all persons have a legal right to send orders for tickets to Georgia, as lotteries are legalized by a special law in that State. A lottery is drawn at Savannah, Ga., about the 15th of every month, and another is drawn at Macon Ga., *every Saturday throughout the year.* If no particular class is named, orders are filed by the first drawing to take place after the communication comes to hand. The prices of tickets are from $1 to $10. No tickets are, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket and are so simple that none can fail to understand them. There is no combination of numbers, which has so mystified the community for years past. Prizes vary in amount from $10 to $60,000. Every prize being drawn, and result of drawing, or other information, forwarded to all purchasers.

A list of the numbers that are drawn from the wheel, with the amount that each prize is entitled to, will be published after every drawing, in the following papers; New Orleans *Delta*, Savannah *News*, New York *Dispatch*, and New York *Atlas*. Write your address plainly, and direct to
ANDERSON & SON, MANAGERS,
Macon or Savannah, Ga.

Prizes are paid in full: no percentage deducted from prizes, as in other lotteries. *All communications are strictly confidential.*

LONTERIES.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $40 to $60,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

S. SWAN & Co., AUGUSTA, GEORGIA.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

MEDICINES.

THE GREATEST WONDER OF THE AGE.

A REMEDY which CURES IN FIVE MINUTES.—M. LEROUX'S French Cholera Cognac Bitters. This truly wonderful scientific compound is recommended by the most eminent and learned physicians of all Europe and America, and enjoys the best reputation of anything similar ever offered. It is without doubt, the best most efficient and generally acknowledged remedy against cholera, dysentery, diarrhoea, and complaints of the stomach in general. The numerous patients who have tried it according to directions have invariably found relief in a very short time, and the best proof of it is, that since this standard remedy was introduced in the armies of the Allies in the Crimea, the mortality of the soldiers from cholera and similar diseases was diminished by over 75 per cent.; in consideration of which, the inventor was presented by the French and English governments with a gold medal, bearing the inscription, "Hail! M Leroux, the great chemist and inventor, by whose knowledge our armies are preserved from cholera."

This invaluable preparation is also a remedy for billiousness, indigestion, weakness, and general derangement of the stomach. Upon being taken, it creates appetite, and prevents the heaviness attendant upon eating by persons who are dyspeptic.

In this city, also this remedy has been tried with the most undoubted success, and the undersigned can produce the best testimonials of our most celebrated physicians, as to its immediate and complete success, which he will be happy at any time to show to any that may wish to see them. S. STEINFELD,
Sole Agents for the United States, 70 Nassau street, corner of John, N. Y.

P. S.—Those not able to pay, may call at my place from 3 to 5 p. m., and receive this remedy gratis. a19—1y

FEVERS, DISPEPSIA, HEADACHE, BOWEL COMPLAINTS, PAIN IN THE STOMACH, COSTIVENESS, JAUNDICE, LIVER COMPLAINT and ALL BILIOUS DIFFICULTIES

THIS MEDICINE, by the uniform testimony of a great number of intelligent and perfectly credible certificates, is proved to be

THE BEST CATHARTIC

that has yet been introduced to the public. It is active and powerful, but easy in its operation—a full dose operating in three or four hours, usually *without any pain*, and, unlike other cathartics, it does not leave the bowels in a costive state.

Many persons suffer from JAUNDICE—many have an excess of BILIOUS ACTION in the SPRING OF THE YEAR—and are debilitated in consequence. For all this class of diseases this is *A Sovereign Remedy*. Price 50 cents. Sold by H. H. Young, wholesale and retail agent for Newport, cor of Parade and Thames street. m23
